LE POINT FOCAL OPERATIONNEL

à

Monsieur le Représentant Résident
du PNUD - Niamey

Objet : Projet « Adaptation à Base Communautaire du FEM (ABC/FEM) »

Monsieur le Représentant Résident,

Comme vous le savez, le Gouvernement du Niger a bénéficié en 2005, d'un appui financier du Fonds pour l'Environnement Mondial (FEM) pour la préparation du Projet pilote d' **Adaptation à Base Communautaire (ABC/FEM)** ». Ce projet mis en œuvre par le PPS-FEM Niger, s'inscrit dans le cadre de l'initiative du Fonds, visant à offrir aux pays en voie de développement, des nouvelles opportunités en vue d'un meilleur impact des actions d'adaptation aux effets néfastes des changements et variabilité climatiques.

Les études réalisées au cours de cette phase ont permis d'identifier les zones pilotes d'intervention et les actions prioritaires à mener, en conformité avec les lignes directrices adoptées dans le cadre du Programme d'Action National d'Adaptation aux Changements Climatiques (PANA). Ceci témoigne de la détermination de notre pays à œuvrer pour le renforcement des capacités d'adaptation des communautés rurales dans la perspective de développement durable et de lutte contre la pauvreté.

C'est pourquoi, en ma qualité de Point Focal Opérationnel du FEM, j'endosse au nom du Gouvernement du Niger, la requête de financement pour la phase opérationnelle pilote du Projet, soumise au FEM à travers votre institution.

En vous exprimant tous mes remerciements pour votre soutien constant, je vous prie de croire Monsieur le Représentant Résident, à l'assurance de ma considération distinguée.

Matautu

Dear Joyce Yu,

Samoa's Endorsement Letter for UNDP-GEF Community Based Adaptation Project (CBA)

The Government of Samoa is pleased to have been selected as one of the 10 countries that will participate in the implementation of the GEF supported Community Based Project (CBA).

In this regard, in my capacity as GEF Operational and Political Focal Point I advise that the Government of Samoa endorses its participation in the CBA Programme which no doubt will assist the local communities support and improve their adaptive capacity to climate variability and impacts.

Thank you.

Yours sincerely,

Aiono Mose Pouvi Sua
Chief Executive Officer

Subject: GEF National Focal Point Endorsement: UNDP-GEF Project “Community - based Adaption”.

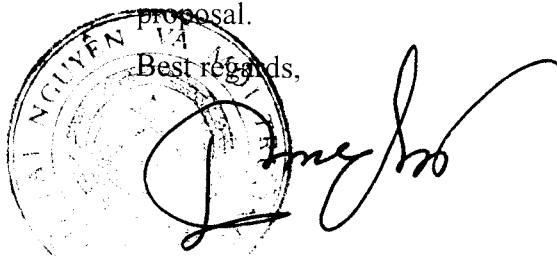

Dear Mr. Frank Pinto,

On behalf of GEF Vietnam, I fully support the proposal of the project entitled “Community-based Adaption”.

The proposed project will assist our Government to enhance the capacity of communities in the pilot countries to adapt to climate change which will allow communities to reduce their vulnerability to adverse impacts of climate hazards. The project will also help our Government integrate adaption priorities into national policies and programmes such as rural development, flood control, infrastructure development policies.

Due to the significance of the project to Vietnam, I strongly recommend GEF to support this proposal.

Best regards,

Pham Khoi Nguyen

Señor Delfin Ganapin
Global Manager
GEF Small Grant Program

Señor Ganapin:

A través de la presente deseo manifestar el interés y expectativas del Ministerio a mi cargo por la realización del Proyecto "Community Based Adpation Project", como parte de los esfuerzos tanto nacionales como internacionales para la adaptación de nuestra sociedad al cambio climático. Estoy seguro que la realización de este esfuerzo se traducirá en comunidades mejor preparadas para enfrentar un fenómeno que ya está presente en nuestras sociedades.

Sin otro particular, aprovecho la oportunidad para manifestarle las muestras de mi consideración,

Juan Mario Díaz Torres

Mr. Delpin Ganapin
Global Manager
Gef Small Grant Programme

RE: Endorsement Letter: Community Based Adaptation Project

Dear Mr. Ganapin

The Community Based Adaptation (CBA) initiative is received with great anticipation as it will have significant contribution to the service delivery of the GEF Small Grants Programme whilst it is enhancing and increasing on the adaptive capacity of our local people to deal with current climate variability as well as for adaptation to future climate changes. As stated in the purpose of the CBA our communities will be motivated to address short-term (climate change) problems, but by adopting the approach of increasing adaptive capacity, both short-term and long-term issues can be addressed simultaneously.

Therefore, herewith, our endorsement that the Namibian people can be part of the CBA process from the onset.

We wish you success in this endeavor and hope for a positive result for the better of our communities.

Yours Sincerely

T. Nghitila

Mr. Delfin Ganapin
Global Manager, GEF Small Grants Programme

Mr. Yannick Gemarec
Officer-in-Charge, UNDP-GEF

Dear Sirs

UNDP/GEF Community Based Adaptation Project

Thank you for the proposals on the UNDP/GEF Community-Based Adaptation Project. Its focus on assisting communities to adapt to climate change is welcome.

As GEF Operational Focal Point, I hereby convey support for this very worthwhile project.

Yours faithfully

Leonie Barnaby
for Permanent Secretary
